

CampusTrack

Student attendance app: screen-by-screen document. Mobile layout, light theme, blue accent on a pale grey background.

Screens

1. Login
2. Dashboard
3. Subject Details
4. Attendance Calendar
5. Profile

Prepared by

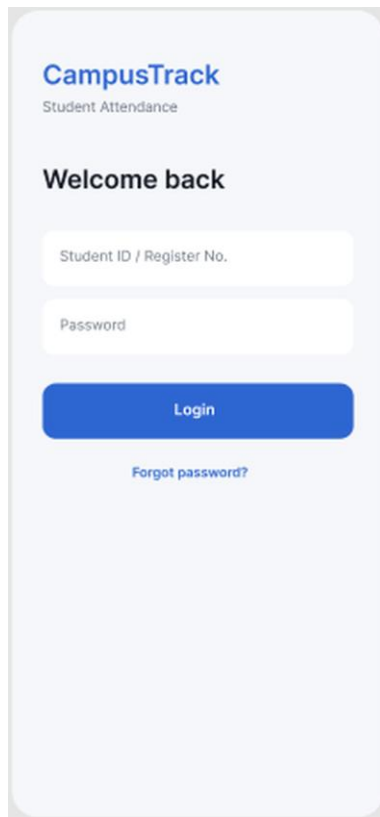

Detail	Value
Name	Shaik Tauffiq Ahmed
Reg No	192321067

Shared design notes

- **Colours:** blue (#2D68D1) for the main actions and active tabs; green, orange and red mark attendance status.
- Rounded white cards on a pale grey background, with one primary blue action per screen.
- Bottom navigation (Home, Attendance, Profile) on the main screens, with the active tab in blue.
- **Flow:** Login, Dashboard, Subject Details, Attendance Calendar, Profile.

1. Login

Lets a student sign in with a Student ID or Register No. and a password.

Layout, top to bottom

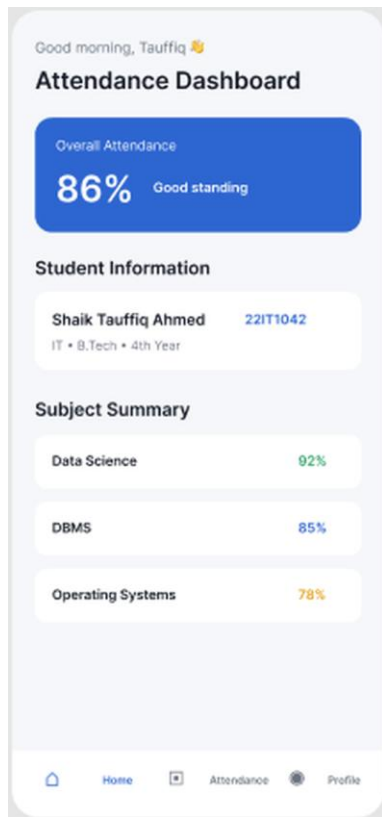

- **Brand:** "CampusTrack" wordmark in blue, subtitle "Student Attendance".
- **Heading:** "Welcome back".
- **Form:** "Student ID / Register No." field and "Password" field.
- **Primary button:** "Login", full width, solid blue, white text.
- **Link:** "Forgot password?" in blue, centred below the button.

Behaviour to define

- Login stays disabled until both fields are filled; show inline errors for an unknown ID or wrong password.
- Forgot password opens a reset flow.
- Success leads to the Dashboard.

2. Dashboard

Home screen showing the student's overall attendance and a per-subject summary.

Layout, top to bottom

- **Greeting:** "Good morning, Tauffiq", then the heading "Attendance Dashboard".
- **Overall card:** blue card with "Overall Attendance", a large 86% and the label "Good standing".
- **Student Information:** card with name, register number (in blue) and "IT, B.Tech, 4th Year".
- **Subject Summary:** list of subjects, each with its attendance percentage coloured by level.
- **Bottom navigation:** Home (active, blue), Attendance, Profile.

Content shown

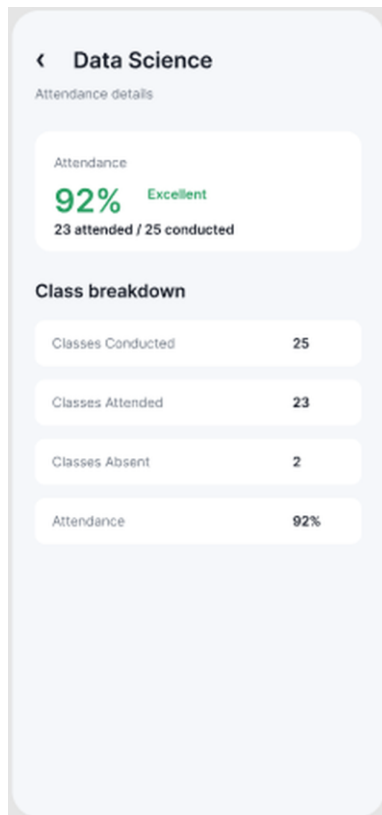

Subject	Attendance	Colour
Data Science	92%	Green
DBMS	85%	Blue
Operating Systems	78%	Orange

Behaviour to define

- Tapping a subject opens its Subject Details screen.
- Percentage colours signal standing (green, blue and orange in the design); define the exact thresholds for each colour.

3. Subject Details

Shows attendance for one subject with a count of classes.

Layout, top to bottom

- **Header:** back arrow, subject name "Data Science", and the label "Attendance details".
- **Summary card:** "Attendance" with 92% in green, the tag "Excellent", and "23 attended / 25 conducted".
- **Class breakdown:** four rows listing the counts below.

Content shown

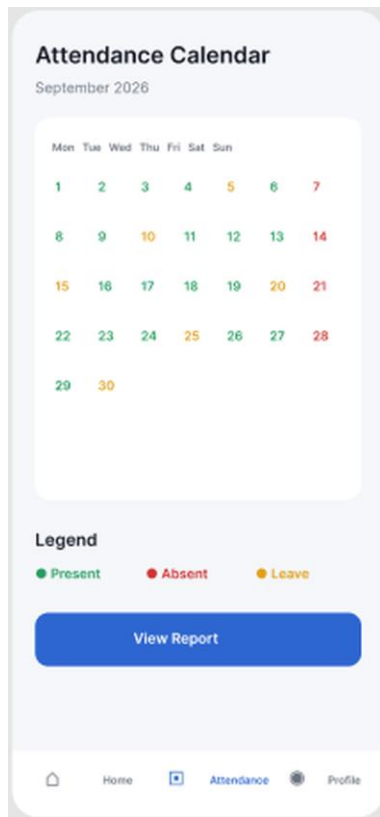

Measure	Value
Classes Conducted	25
Classes Attended	23
Classes Absent	2
Attendance	92%

Behaviour to define

- Back returns to the Dashboard.
- The tag text (Excellent and similar) should follow the same thresholds used on the Dashboard.

4. Attendance Calendar

Month view showing each day as present, absent or leave.

Layout, top to bottom

- **Header:** "Attendance Calendar" with the month "September 2026".
- **Calendar grid:** weekday columns Monday to Sunday, with each date number coloured by status.
- **Legend:** Present (green), Absent (red), Leave (orange).
- **Action:** "View Report" button, full width, solid blue.
- **Bottom navigation:** Attendance tab active (blue).

Content shown

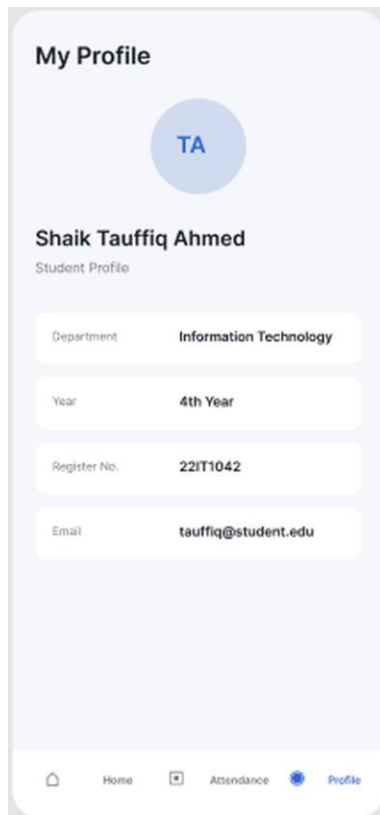

Status	Colour
Present	Green
Absent	Red
Leave	Orange

Behaviour to define

- Month navigation (previous and next month) should be added; the design shows only the current month.
- View Report opens a detailed attendance report.

5. Profile

Shows the student's personal and academic details.

Layout, top to bottom

- **Header:** "My Profile".
- **Avatar:** circle with initials "TA" in a soft blue.
- **Identity:** name "Shaik Tauffiq Ahmed" with the label "Student Profile".
- **Detail rows:** one card per field, label on the left and value on the right.
- **Bottom navigation:** Profile tab active (blue).

Content shown

Field	Value shown in design
Department	Information Technology
Year	4th Year
Register No.	22IT1042
Email	tauffiq@student.edu

Behaviour to define

- Consider adding Edit profile and Log out actions.
